PAPER HONEYCOMB

for hollow panels
for pieces of furniture,
interior doors
and trade fair stands

Thanks to the **lightness** and **strength** of its **honeycomb** structure paper honeycomb is used of **alveolare**, used for the manufacturing of **hollow panels** for pieces of furniture, **interior doors**, furniture, advertising displays, trade fair stands and represents the core of **NIDOPAN®**, our paper honeycomb panel. **Paper honeycomb...**

NIDOPAN®

paper honeycomb
panel for packaging

In 1991 the **NIDOPAN®** panel was born in the sign of **green packaging**. **NIDOPAN®** is made up of a paper honeycomb core glued with two **recyclable** cardboard covers (Test-Liner or Kraft) featuring different grammages, ranging...
